

November 23, 2021

Hello from Place Maillardville Community Centre,

**Re: Proof of Vaccination – New Guidelines**

In addition to the proof of vaccination requirements issued on September 14<sup>th</sup>, 2021, updated requirements regarding proof of vaccinations have been made for our recreation center by the most current Public Health Order issued on November 22, 2021.

Proof of vaccination using the BC vaccine card is required by those 12 years and older for the following programs:

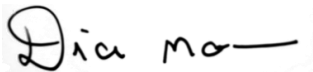

- Volunteers and helpers assisting with child or youth sport, as well as, recreation programs
- Parents attending parent participation programs
  - o This includes all our Family Drop In programs

You will only be asked to provide proof of vaccination at your first visit.

If you anticipate having to modify your enrollment in one of our in-person classes due to this new Public Health Order, please advise us as soon as possible at [info@placemaillardville.ca](mailto:info@placemaillardville.ca) or by phone at [604.933.6166](tel:604.933.6166).

Thank you,

Diane
